Don't see what you need? API is a custom plastics extrusion, injection molding and fabrication company. We extrude up to 14-5/8" OD pipes in numerous colors and wall thicknesses.

About Available Plastics

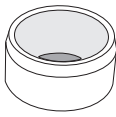

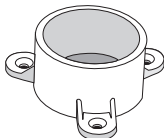

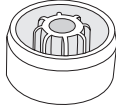

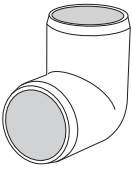

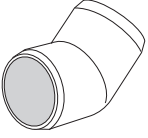

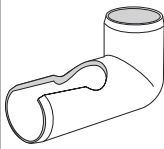

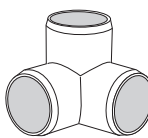

Located in Huntsville, Alabama, Available Plastics, Inc. is a professionally run, family-owned company that has been producing quality products for more than twenty-five years. Known for our many innovations in

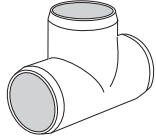

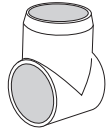

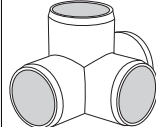

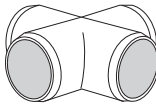

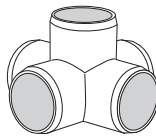

the PVC industry, Available extrudes, injection molds and fabricates PVC - all in house. We can custom extrude non-standard outside or inside diameters, custom wall thicknesses, run custom colors, or produce

special lengths.

Whether you need bulk plastic extrusions, injection moldings, fabricated components or a consumer-level finished packout, we can meet your needs.

Fittings: External vs. Internal

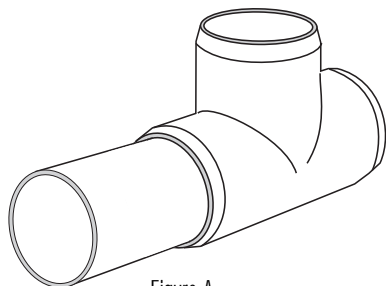

Figure A

External fittings (fig. A) fit over the PVC pipe to make a connection while internal fittings (fig. B) fit inside the PVC pipe to make a connection. With internal fittings, the outside of the connector is flush with the pipe.

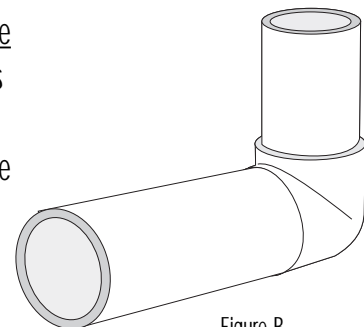

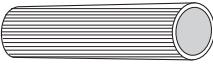

Figure B

Terms & Conditions

Orders:

- All prices are FOB Huntsville, Alabama and are subject to change without notice.
- Orders must be placed in writing by fax, email or mail.
- Minimum order size is \$300.
- For larger orders, call us for volume discounts.

Payment:

Payment can be made by Visa, MasterCard, American Express, cashier's check or Money Order. Orders paid by personal or company check will be held 10 business days before shipping. All prepaid customers must pay shipping charges in advance. Please call to determine shipping costs.

Credit terms may be arranged through our accounting office for consistent orders over \$2,500. Taxes that may apply to purchased goods are the responsibility of the buyer. You must report and pay any applicable sales and / or use taxes for the area of delivery. All Alabama and Florida residents will be charged current tax rates unless a tax-exempt certificate is presented.

Freight:

Orders will be shipped by FedEx ground or by truck line depending on your order size and weight. The 10' lengths of pipe cannot be shipped FedEx and therefore will be shipped by truck freight collect.

All refused goods or goods that cannot be delivered become the property of Available Plastics, Inc. All shipping, storage and late charges must be paid before the customer can claim the order.

Inspect the order upon receipt to verify quantities and ensure your order has been shipped correctly. Any quantity discrepancies or damages must be noted on the bill of lading and signed by the driver. Any loss or damage during shipment must be settled with the carrier.

Customer Service:

If there is any problem with your order please call Available Plastics Customer Service within 10 days of the delivery date. If we have made a mistake, arrangements will be made to promptly rectify it.

All items that need to be returned must have a Return Materials Authorization (RMA) number. This authorization must be requested from Available Plastics within 10 days of the receipt of goods. Any shipment returned without an RMA will be refused and any items returned to inventory would carry a 20% restocking fee. Custom orders, unfortunately, can not be refunded.
